

How to record plate waste

The **whole** waste recording **process** is **touchless**.

YES

Scrape waste from plates directly into the Winnow bin.

You don't need to separate food items.

NO

Do not throw non-food items

~~N~~apkins

~~U~~tensils

~~P~~lastic

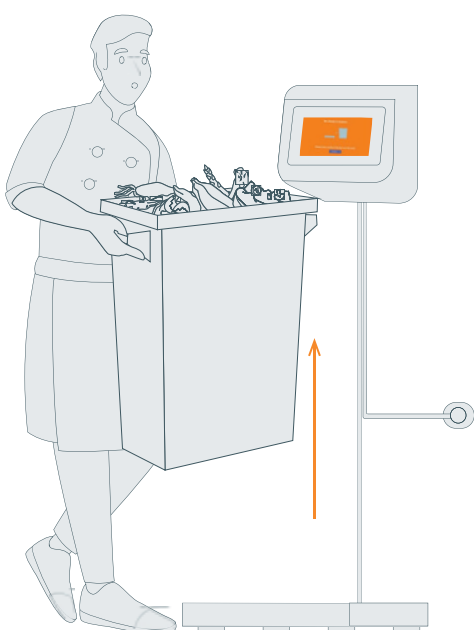

How to change the bin

After you've placed the bin back on the scale, make sure it is placed **right under the camera** and **not touching the wall**.

1. Remove the bin from the scale.

The screen will notify you of an ongoing bin change.

2. Place the new bin on the scale

Tap the **Confirm** button after you've placed the bin back on the scale.
